

Dr. Anthony Booker Bio

Dr Anthony Booker is a chemist and herbalist and gained his PhD in Pharmacognosy and Ethnopharmacy from UCL in 2014. As well as lecturing in herbal medicine, his university based research focuses on the quality and safety of herbal medicinal products within international supply chains.

He is a past president of the Register of Chinese Herbal Medicine and was a member of the Herbal Medicines Advisory Committee for eight years, where he provided advice to the UK Government on matters concerning Chinese medicines.
